School Associated COVID Cases

New Cases	1
Cumulative Cases	28
Populations Affected	Students

We have been informed of a new positive COVID-19 case within Moran Township School District student population. The affected individuals are under quarantine. The LMAS District Health Department is investigating the case and will conduct contact tracing to determine close contacts. Those individuals identified as close contacts will be directed by the LMAS District Health Department and will receive direction on further safety measures. In accordance with HIPAA and FERPA laws, health information is private, and we will not provide specifics about any cases.

We ask that all students and staff fully cooperate with the LMAS District Health Department to prevent further spread of the disease within our community. Please also remember to continue safe practices by wearing a mask that covers your mouth and nose, keeping proper distance, and washing your hands frequently.

Together we can make a difference.

Amy Lester, Superintendent
